THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE NOMINEES LISTED ABOVE.

CORPORATE GOVERNANCE

Meetings of the Board of Directors

The Board of Directors of the Company held four meetings during 2009. Each director attended at least 75% of the aggregate number of all meetings of the Board of Directors and its committees during such fiscal year. All of the Company's directors are encouraged to attend the Company's Annual Meeting of Stockholders. All of the Company's directors were in attendance at the Company's 2009 Annual Meeting, except Richard L. Bailly.

Independence, Diversity, Leadership Structure and Board Committees

Independence

The Company's Common Stock is listed on the NASDAQ Stock Market LLC, or Nasdaq, and Nasdaq's listing standards relating to director independence apply to the Company. The Board of Directors has determined that the following current directors are independent under applicable Nasdaq listing standards: Messrs. Stevenson, Gould, Kozin, Oberdorf and Pierce.

Diversity

The Company strives to have the members of its Board of Directors possess a diverse set of skills so as to best provide guidance to the management team and oversight to the Company. Skills sought include, financial, capital markets, manufacturing, foam fabricating, executive leadership, marketing and sales, organizational growth and strategic planning. The Company believes that it has a minimum of one director for each of these skills.

Leadership Structure

As noted above, our Board is currently comprised of eight directors of which five are independent under applicable standards. Mr. R. Jeffrey Bailly has served as Chief Executive Officer and member of the Board since January 1, 1995. In October of 2006, he was appointed Chairman of the Board following the death of the prior Chairman of the Board, William H. Shaw, on August 30, 2006.

We recognize that different board leadership structures may be appropriate for companies in different situations and believe that no one structure is suitable for all companies. We believe our current board leadership structure is optimal for us because it demonstrates to our employees, suppliers, customers, and other stakeholders that UFP Technologies is under strong leadership, with a single person setting the tone and having primary responsibility for managing our operations. Having a single leader for both the Company and the Board eliminates the potential for confusion or duplication of efforts, and provides clear leadership for the Company.

Because the positions of Chairman of the Board and Chief Executive Officer are held by the same person, the Board also believes it is appropriate for the independent Directors to elect one independent Director to serve as a Lead Independent Director. In addition to presiding at executive sessions of independent directors, the Lead Independent Director has the responsibility to: (1) coordinate with the Chairman of the Board and Chief Executive Officer in establishing the annual agenda and topic items for Board meetings; (2) retain independent advisors on behalf of the Board as the Board may determine is necessary or appropriate; (3) perform such other functions as the independent directors may designate from time to time. Mr. Gould currently serves as the Lead Independent Director, a position he has held since June of 2004.

We believe that our overall leadership structure consisting of a single individual serving as Chief Executive Officer and Chairman of the Board, together with the number of independent, experienced directors that make up our Board, along with the independent oversight of our Lead Independent Director, benefits the Company and its shareholders.

Risk Oversight

Our Board is responsible for overseeing the Company's risk management process. The Board focuses on the Company's general risk management strategy, the most significant risks facing the Company, and ensures that appropriate risk mitigation strategies are implemented by management. The Board is also apprised of particular risk management matters in connection with its general oversight and approval of corporate matters.

The Board has delegated to the Audit Committee oversight of the Company's risk management process. Among its duties, the Audit Committee reviews with management (a) the Company's policies with respect to risk assessment and risk management as well as the Company's significant areas of financial risk exposure, (b) the Company's system of disclosure controls and procedures and system of internal controls over financial reporting, and (c) the Company's compliance with legal and regulatory requirements. Our Compensation Committee also considers and addresses risk as it performs its committee responsibilities. Both committees report to the full Board as appropriate, including when a matter rises to the level of a material or enterprise level risk.

The Company's management is responsible for day-to-day risk management. Our Treasury, Finance, and Internal Audit functions serve as the primary monitoring and testing function for company-wide policies and procedures, and manage the day-to-day oversight of the risk management strategy for the ongoing business. This oversight includes identifying, evaluating, and addressing potential risks that may exist at the enterprise, strategic, financial, operational, and compliance and reporting levels.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks we face and that our Board leadership structure supports this approach.

Nominating Committee

The Board of Directors does not have a nominating committee. Director nominees are selected by a majority of the Company's independent directors. The Board of Directors believes that it is appropriate for the Company not to have a nominating committee because all its independent directors lead the nomination process and the establishment of a nominating committee would be redundant. The Board of Directors does not have a charter for nomination of directors.

The independent members of the Company's Board of Directors may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the independent members of the Company's Board of Directors may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. The board of directors does not assign any particular weight or importance to any one of these factors but rather considers them as a whole. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to recommend a candidate for director for election at the 2011 Annual Meeting of Stockholders, it must follow the procedures described in "Stockholder Proposals and Recommendations For Director."

Compensation Committee

The Board of Directors has a Compensation Committee, which met on five occasions in 2009, and is currently composed of Messrs. Kozin, Oberdorf and Pierce. The Compensation Committee operates pursuant to a written charter (the "Compensation Committee Charter") that was adopted by the Board of Directors and that complies with applicable Nasdaq listing standards. The Compensation Committee Charter, as amended, is available at the Company's website, www.ufpt.com. Under the provisions of the Compensation Committee Charter, the primary functions of the Compensation Committee include determining salaries for the Company's named executive officers, individuals to whom stock options, other equity awards and cash awards are granted, and the terms upon which such grants and awards are made, incentive plans, oversight of risks associated with the Company's compensation policies and practices, director compensation, benefits and overall compensation. For a further description of the Company's determination of executive and director compensation, see "Executive Compensation," below.

Audit Committee

The Board of Directors has an Audit Committee established within the meaning of Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee met five times in 2009, and is currently composed of Messrs. Stevenson, Gould and Oberdorf. The Audit Committee operates pursuant to a written charter (the "Audit Committee Charter") that was adopted by the Board of Directors and that complies with currently applicable SEC and Nasdaq rules. The Audit Committee Charter, as amended, is available at the Company's website, www.ufpt.com. Under the provisions of the Audit Committee Charter, the primary functions of the Audit Committee are to assist the Board of Directors with the oversight of (i) the Company's accounting and financial reporting processes, internal controls and audits of the Company's financial statements and (ii) the qualifications, independence, appointment, retention, compensation and performance of the Company's registered public accounting firm. The Audit Committee is also responsible for the maintenance of "whistle-blowing" procedures, and the oversight of certain other compliance matters. See "Report of the Audit Committee" below.

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

The Board of Directors has determined that the current members of the Audit Committee are independent directors, as defined by the Audit Committee Charter, applicable SEC rules, and Nasdaq listing standards. The Board of Directors has determined that Messrs. Stevenson and Oberdorf qualify as "audit committee financial experts," as defined by applicable SEC rules, and that Messrs. Stevenson and Oberdorf satisfy Nasdaq's financial sophistication listing standards.

Executive officers are chosen by and serve at the discretion of the Board of Directors of the Company.

EXECUTIVE COMPENSATION

The Company's compensation programs are determined by the Compensation Committee of the Board of Directors, which has the ongoing responsibility for establishing, implementing, and monitoring the Company's executive compensation programs. In 2008, the Compensation Committee engaged DolmatConnell & Partners, a Massachusetts-based compensation consulting firm, to perform a comprehensive comparative market study of the compensation programs offered to peer company chief executives and other executive officers. The Compensation Committee used this information in establishing 2009 base salaries, incentive bonuses and other stock-based incentives for its named executive officers. The chief executive officer also makes recommendations to the Compensation Committee about the compensation of the Company's other named executive officers. The Compensation Committee considers the chief executive's recommendations before making a final determination of the compensation programs for the named executive officers.

UFP Technologies, Inc. operates in a highly competitive and dynamic industry. The key objectives of its executive compensation programs are to attract, motivate and retain superior talent to enable the Company to achieve its business objectives and to align the financial interests of its executives with the stockholders of the Company. The compensation of named executive officers consists of (1) base salary, (2) incentive bonus, (3) long-term incentives and (4) other benefits and perquisites. In addition, the Company has an employment agreement with its chief executive officer.

Base Salary. Base salaries are determined based upon a variety of factors, including the executive's scope of responsibilities, a market competitive assessment of similar roles at other companies, and a comparison of salaries paid to peers within the Company. Base salaries are reviewed annually and may be adjusted after considering the above factors.

Incentive Bonus. In the past and for the Company's fiscal year ended 2009, the Company's named executive officers earned incentive bonuses. Bonuses are determined based on a combination of qualitative and quantitative, Company and individual measures, the details of which are established annually in the form of business objectives. The business objectives may vary for each executive based upon his or her responsibilities and may include financial and/or strategic measures.

In 2009, bonuses for our named executive officers were largely based upon the Company achieving certain operating income targets, which were based upon the Company's internal budgets, with the bonus amounts set to fluctuate up or down based on the extent to which the Company achieved, did

not achieve, or exceeded the operating income target. The bonus amounts for 2009 were also based in part on strategic objectives established for each named executive officer. The bonus amounts awarded for 2009 reflect the fact that the Company exceeded its operating income target for 2009.

Subject to contractual commitments, at its discretion the Compensation Committee may allow any executive officer to receive a portion of certain of these bonuses in the form of Company Common Stock. In these situations, the Compensation Committee may also provide the named executive officer, at its discretion, an additional cash award in the form of a gross-up, in order to pay the income taxes associated with receiving the Company Common Stock. The goal in allowing the Company's named executive officers to receive a portion of their bonus in stock is to further align their interest with those of the Company's shareholders. Subject to contractual commitments, the Compensation Committee retained sole discretion over all matters relating to the 2009 bonus payments, including, without limitation, the decision to pay any bonuses, the amount of each bonus, if any, the ability to increase or decrease any bonus payment and make changes to any financial and/or strategic measures, discretion over the payment of partial awards in the event of employment termination, and the decision whether to allow recipients to receive a portion and if so, how much of their bonuses in the form of Company Common Stock.

Long-term Incentives. It is the philosophy of the Company to provide executives with long-term incentives and, thus, align their financial interests with those of the Company's shareholders. Among the Company's various plans, the Company maintains two plans the Company's 1993 Employee Stock Option Plan and the Company's 2003 Incentive Plan that provide long-term rewards and incentives to the Company's named executive officers, as well as other participants.

Beginning in 2006, the Company implemented a stock unit award program for the named executive officers under the 2003 Incentive Plan. The stock unit awards represent a right to receive shares of the Company's Common Stock in varying amounts based on the achievement of financial performance objectives for the Company and, in certain instances, time-based vesting requirements. Based upon the Company's financial results for its 2009 fiscal year, the Compensation Committee determined that the Company had achieved the "threshold" and "target" financial performance targets, but not the "exceptional" financial performance target, relating to stock unit awards granted in 2009.

Named executive officers have stock options outstanding under the Company's 1993 Employee Stock Option Plan. The stock options allow the named executive officers, as well as other key employees, the right to acquire shares of Company stock at a price equal to the fair market value of the Company's stock on the date of grant. With the exception of the chief executive officer, whose stock options vested immediately upon grant, the stock options are subject to a vesting period. In 2009, no stock options were granted to named executive officers.

Other Benefits and Perquisites

CEO Stock Awards For the past several years, and again in 2009, the Company has granted to Mr. R. Jeffrey Bailly, its Chief Executive Officer, an award of Common Stock as a component of his overall compensation. The objective of this equity component is to greater align the chief executive officer's interests with those of the Company's shareholders. The stock is typically issued to the chief executive officer on the last day of the fiscal year, assuming the chief executive officer remains employed by the Company on that date. The chief executive officer is also granted an additional cash award to pay the income taxes associated with receiving this grant of Common Stock (a "gross-up"). In 2009, consistent with the terms of his employment agreement, the chief executive officer was granted 25,000 shares and the gross-up associated with this grant amounted to approximately \$117,000.

Deferred Compensation Plan In 2006, the Company implemented the UFP Technologies Executive Nonqualified Excess Plan ("Deferred Comp Plan"). Under the Deferred Comp Plan, named executive officers and other key employees are eligible to defer up to 90% of base salary and 100% of bonus

and/or commissions into the Plan. Investments of the deferrals are directed by the participants and returns on the deferrals are determined accordingly. Employer contributions into the Plan are discretionary and determined by the Compensation Committee. No employer contributions were made in 2009.

Supplemental Disability Insurance Beginning in 2007, named executive officers received long-term disability insurance coverage to supplement the Company's group long-term disability plan. The objective is to provide named executive officers with sufficient coverage to replace a significant portion of his or her wages in the event of disability. The premiums are paid for by the Company and amounted to approximately \$12,000 for all named executive officers in 2009.

Profit Sharing/401(K) Plan All employees, including named executive officers, who meet certain criteria are eligible to participate in the UFP Technologies, Inc. Profit Sharing Plan ("PSP"). Participants in the PSP can defer up to 20% of their gross compensation, subject to IRS limitations on a pre-tax basis. The Company matches employee deferrals at a discretionary rate, which was 50% of employee deferrals up to a maximum of 2% of an employee's gross wages in 2009. In addition, the Company may make an additional discretionary profit sharing contribution which was 1.75% of gross wages in 2009. No employee deferrals are required to receive an allocated portion of the profit sharing contribution.

Perquisites The Company provides welfare benefits to its named executive officers at no cost to the executives. The chief executive officer is also eligible for additional perquisites including club memberships, life insurance and Company paid tax preparation fees. These chief executive officer perquisites are offered principally to facilitate the chief executive officer's role as a Company representative within the community, and to entertain customers.

Policy on Stock Option Timing and Pricing

The Company's Board of Directors adopted a policy whereby stock options are to only be granted by majority vote of members of the Compensation Committee at a Committee meeting. The Company's policy is to permit trading of Company securities commencing 48 hours after the release of quarterly or annual earnings, assuming that, at such time, there is, in the opinion of the Directors, no material inside information pending. The Company has amended its 1993 Employee Stock Option Plan and its 2003 Incentive Plan to establish fair market value as the closing price on the date of grant of any equity security, including stock options, granted pursuant to such plans. Previously, the Company used the closing price on the day preceding the grant date as the fair market value.

Tax Considerations

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals other than qualified performance-based compensation. The Company believes that compensation paid under the management incentive plans are generally fully deductible for federal income tax purposes. However, in certain situations, the Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for its named executive officers. In this regard, for 2009, no named executive officer received compensation in excess of the limits imposed by Section 162(m) and, therefore, the Company believes that all executive compensation is deductible for federal income tax purposes.

Employment Contract

On October 8, 2007, the Company entered into a new employment agreement with Mr. R. Jeffrey Bailly, the Company's President and Chief Executive Officer and the Chairman of the Company's Board of Directors. The Agreement supersedes Mr. Bailly's prior employment agreement with the Company, dated April 3, 2000, and is terminable by either party at any time, as provided below.

The employment agreement provides that Mr. Bailly will receive a minimum annual salary of \$300,000 and consideration for discretionary bonuses. Pursuant to the agreement, Mr. Bailly will receive an annual stock grant award (the "Annual Stock Grant Award") on or about January 1 of each year entitling him to receive on or before December 31 (the "Issue Date") of each year an aggregate of 25,000 shares of the Company's Common Stock, provided that Mr. Bailly remains employed with the Company through the Issue Date of each such year. Subject to applicable "golden-parachute" rules, the Company has agreed to reimburse Mr. Bailly for the amount of federal and state income taxes attributable to the Annual Stock Grant Award. Annual Stock Grant Awards are to be made under the Company's 2003 Incentive Plan. Mr. Bailly's agreement prohibits him from competing with the Company for a period of eighteen months following the termination of his employment for any reason. The employment agreement provides Mr. Bailly with certain other benefits, including the opportunity to participate in the Company's stock option plans, insurance plans and other employment benefits as may be generally available to senior executives of the Company, as well as for the direct payment or reimbursement of tax preparation fees, certain dues and fees relating to club memberships and other fringe benefits.

Under the terms of the Agreement, if (i) Mr. Bailly's employment with the Company is terminated by the Company without cause, (ii) if Mr. Bailly terminates his employment with the Company for good reason (including a reduction in his base salary, the amount of the Annual Stock Grant Award or certain other benefits, removal from his position as president or chief executive officer, required relocation outside the greater Boston, Massachusetts area or a material reduction in his overall level of responsibility), or (iii) Mr. Bailly voluntarily terminates his employment within six months of a change of control of the Company, then the Company is required to pay Mr. Bailly a lump sum amount equal

to three times his average annual compensation for the two years preceding. However, these termination payments shall be limited to an amount that would not result in the imposition of an excise tax or denial of a tax deduction for the Company under the tax code's golden parachute rules. If Mr. Bailly's employment with the Company is terminated by the Company without cause, or if Mr. Bailly terminates his employment with the Company for good reason, or upon a change of control of the Company, then (i) any shares in the Annual Stock Grant Award not issued to Mr. Bailly to which he would otherwise be entitled as of the next Issue Date following such change of control or such termination will be immediately issued to him and (ii) any of Mr. Bailly's other earned but unvested Stock Rights, as defined in the Agreement, will immediately vest in full. If Mr. Bailly's employment with the Company is terminated by the Company without cause, or if Mr. Bailly terminates his employment with the Company for good reason, the Company will continue to pay Mr. Bailly's health insurance for up to thirty-six months.

Amount shown does not reflect compensation actually received by the named executive officer nor does it necessarily reflect the actual value that will be recognized by the named executive officer. Instead, the amount shown is the grant date fair value of restricted stock granted to the named executive officer computed in accordance with FASB ASC, Topic 718, Compensation - Stock Compensation. The assumptions used to calculate the value of restricted stock awards are set forth under Note 1(n) Share-Based Compensation, to the Company's consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

(2)

With respect to the named executive officers stock awards listed above are subject to a (i) time-based vesting requirement and (ii) a Company financial performance requirement, which is discussed in footnote 3, below. One-third of these awards vest on February 19, 2011, one-third of awards vest on February 19, 2012 and one-third of these awards vest on February 19, 2013, provided that the recipient remains continuously employed by the Company through each such vesting date.

(3)

The stock unit awards listed under the "Threshold", "Target" and "Maximum" columns above were also subject to the Company achieving specified financial performance objectives. The performance objectives were based on the Company's operating income for its 2009 fiscal year relative to operating income targets established by the Compensation Committee. Based upon the Company's financial results for its 2009 fiscal year, the Compensation Committee determined that the Threshold and Target goals had been achieved. Accordingly, the Compensation Committee awarded stock unit awards to each of the named executive officers in an amount equal to the sum of all of the awards listed in the "Threshold," and "Target" columns above, for each such officer.

(4)

Reflects grants of stock unit awards to the named executive officers pursuant to the Company's 2003 Incentive Plan. Recipients of the stock unit awards will have no rights as stockholders of the Company, including, without limitation, the right to vote or to receive dividends, until and to the extent such stock unit awards have vested and the issuance of the shares of Common Stock in respect of the stock unit awards has been appropriately evidenced. Any unvested stock unit awards shall terminate upon the cessation of a recipient's employment with the Company. In the event of a change in control of the Company (as defined in the stock unit award agreement evidencing the award) on or after January 1, 2010, the applicable number of stock unit awards listed in the "Threshold", "Target" and "Maximum" columns above, to the extent not already vested, shall become fully vested immediately prior to the effective date of such change in control.

1993 Stock Option Plan. Effective October 1993, the Company adopted the 1993 Stock Option Plan (the "1993 Plan"). PROPOSAL NO. 2
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected CCR LLP as the Company's independent registered public accounting firm for the year ending December 31, 2010, and the Board of Directors is asking stockholders to ratify that selection. Although current law, rules, and regulations, as well as the Audit Committee Charter, require the Audit Committee to engage, retain, and supervise the Company's independent registered public accounting firm, the Board considers the selection of the independent registered public accounting firm to be an important matter of stockholder concern and is submitting the selection of CCR LLP for ratification by stockholders as a matter of good corporate practice. If the stockholders do not ratify the selection of CCR LLP, the Audit Committee will review the Company's relationship with CCR LLP and take such action as it deems appropriate, which may include continuing to retain CCR LLP as the Company's independent registered public accounting firm.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" APPROVAL OF PROPOSAL NO. 2.

**PROPOSAL NO. 3
TO ADJOURN THE ANNUAL MEETING OF STOCKHOLDERS
OF
UFP TECHNOLOGIES, INC.**

Proposal No. 3 asks the stockholders of the Company to consider and vote upon a proposal to approve an adjournment of the Meeting, if necessary, including adjournments to permit further solicitation of proxies in favor of each of the proposals to elect directors and to ratify the appointment of CCR LLP as the Company's independent registered public accounting firm.

If a quorum is not present at the Meeting, stockholders of the Company may be asked to vote on the proposal to adjourn the Meeting to solicit additional proxies. If a quorum is present at the Meeting, but there are not sufficient votes at the time of the Meeting to approve one or more of the proposals, stockholders of the Company may also be asked to vote on the proposal to approve the adjournment of the Meeting to permit further solicitation of proxies in favor of the other proposals.

If the adjournment proposal is submitted for a vote at the Meeting, and if stockholders of the Company vote to approve the adjournment proposal, the Meeting will be adjourned to enable the Company's Board of Directors to solicit additional proxies in favor of one or more proposals. If the adjournment proposal is approved, and the Meeting is adjourned, the Company's Board of Directors will use the additional time to solicit additional proxies in favor of any of the proposals to be presented at the Meeting, including the solicitation of proxies from stockholders that have previously voted against the relevant proposal. Among other things, approval of the adjournment proposal could mean that, even though the Company may have received proxies representing a sufficient number of votes against a proposal to defeat it, management of the Company could present the adjournment proposal for a vote of the Company's stockholders and thereby cause the Meeting to be adjourned without a vote on the proposal, and seek during that period to convince the holders of those shares to change their votes to vote in favor of the proposal.

The Company's Board of Directors believes that, if the number of shares of Common Stock voting in favor of any of the proposals presented at the Meeting is insufficient to approve a proposal, it is in the best interests of the Company's stockholders to enable the Company's Board of Directors, for a limited period of time, to continue to seek to obtain a sufficient number of additional votes in favor of the proposal.

The affirmative vote of the holders of a majority of shares of Common Stock present in person or by proxy at the Meeting and entitled to vote on the proposal to adjourn the Meeting is required to adjourn the Meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" APPROVAL OF PROPOSAL NO. 3.

OTHER MATTERS

Voting Procedures

The votes of stockholders present in person or represented by proxy at the Meeting will be tabulated by an inspector of elections appointed by the Company. A quorum, consisting of a majority of shares of all stock issued, outstanding and entitled to vote at the Meeting, will be required to be present in person or by proxy for consideration of the proposal to elect directors. If a quorum is not present, a vote of a majority of the votes properly cast will adjourn the Meeting.

The nominees for director of the Company who receive the greatest number of votes cast by stockholders present in person or represented by proxy at the Meeting and entitled to vote thereon will be elected directors of the Company. The affirmative vote of the holders of a majority of shares of Common Stock present in person or represented by proxy at the Meeting and entitled to vote thereon is required to ratify the appointment of CCR LLP as the Company's independent registered public accounting firm and to adjourn the Meeting.

Abstentions will have no effect on the outcome of the vote for the election of directors, but will have the effect of being cast against the other proposals, even though the stockholder so abstaining may intend a different result.

Shares of Common Stock held of record by brokers who do not return a signed and dated proxy will not be considered present at the Meeting, will not be counted towards a quorum and will not be voted in the election of directors or on the other proposals. Shares of Common Stock held of record by brokers who return a signed and dated proxy but who fail to vote (a "broker nonvote") will count toward the quorum but will have no effect on the proposals not voted.

Reporting Under Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and persons who own more than 10 percent of the Company's Common Stock to file initial reports of their ownership and changes in ownership of the Company's Common Stock with the SEC. Based solely on the Company's review of the copies of such reports it has received and written representations from certain reporting persons, with respect to the fiscal year ended December 31, 2009, the Company believes that each person who was required to file such reports complied with the applicable filing requirements. It has come to the Company's attention that Kenneth Gestal, a director of the Company, failed to file a Form 4 within the required time period after selling shares of the Company's Common Stock in a single transaction on August 22, 2006. On April 28, 2010, Mr. Gestal filed a Form 4 to report such transaction.

Other Proposed Action

The Board of Directors knows of no matters that may come before the Meeting other than those discussed above. However, if any other matters should properly be presented to the Meeting, the persons named as proxies shall have discretionary authority to vote the shares represented by the accompanying proxy in accordance with their own judgment and applicable laws and regulations.

Stockholder Communications

Stockholders may contact the Board of Directors of the Company by writing to them c/o Investor Relations, UFP Technologies, Inc., 172 East Main Street, Georgetown, MA 01833. All communications directed to the Board will be delivered to the entire Board of Directors.

Stockholder Proposals and Recommendations for Director

Stockholder proposals for inclusion in the Company's proxy materials for the 2011 Annual Meeting of Stockholders must be received by the Company no later than January 7, 2011. These proposals must also meet the other requirements of the rules of the Securities and Exchange Commission and the Company's Bylaws.

The Company's Bylaws establish an advance notice procedure with regard to proposals that stockholders otherwise desire to introduce at the Company's Annual Meeting without inclusion in the Company's proxy statement for that meeting. Written notice of such stockholder proposals for the Company's Annual Meeting of Stockholders in 2011 must be received by the Company's Board of Directors, c/o Secretary, UFP Technologies, Inc., 172 East Main Street, Georgetown, MA 01833, not later than March 11, 2011 and must not have been received earlier than February 9, 2011 in order to be considered timely, and must contain specified information concerning the matters proposed to be brought before such meeting and concerning the stockholder proposing such matters. The matters proposed to be brought before the meeting also must be proper matters for stockholder action. If a stockholder who wishes to present such a proposal fails to notify the Company within this time frame, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the proxy rules of the Securities and Exchange Commission.

Pursuant to the Company's Bylaws, the notice must set forth: (a) for each nominee (i) information as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, and (ii) written consent to be named in the proxy statement and serve as director if so elected; (b) a brief description of any proposed business including (i) the text of such proposal and any accompanying resolutions, (ii) the reasons for conducting such business at the meeting, and (iii) any material interest held by the proposing stockholder or any beneficial owner on whose behalf the proposal is made; (c) proposing stockholder and/or beneficial owner information including, (i) name and address, (ii) the class and number of shares of capital stock held, (iii) a description of any agreement, arrangement or understanding with respect to the nomination or proposal with any of their affiliates or associates, and any others acting in concert with the foregoing, (iv) a description of any agreement, arrangement or understanding with respect to shares of the Company's stock entered into by the date of such notice for the purposes of loss mitigation, risk management or derivation of benefit from share price changes and/or redistribution of voting power, (v) a representation that such stockholder is the holder of record, is entitled to vote, and intends to appear in person or by proxy and propose such business or nomination, (vi) a representation of intention to either deliver proxy statements to holders of the necessary percentage of shares or to solicit proxies in support of the proposal, and (vii) any other information relating to such stockholder and/or beneficial owner required to be disclosed in filings made in connection with solicitation of proxies pursuant to the Securities Exchange Act of 1934. The stockholder can alternatively satisfy the notice requirement by submitting proposals in compliance with Securities and Exchange Commission requirements and inclusion of such proposal within a proxy statement prepared by the Company. Compliance with the Company's Bylaws shall be the exclusive means for a stockholder to make nominations or submit other business to the annual meeting (other than matters properly brought in compliance with the rules of the Securities Exchange Act of 1934).

Incorporation By Reference

To the extent that this Proxy Statement has been or will be specifically incorporated by reference into any filing by the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, the sections of the Proxy Statement entitled "Report of the Audit Committee" shall not be deemed to be so incorporated, unless specifically otherwise provided in any such filing.

Annual Report on Form 10-K
